

Coggnno's robust Learning Management System facilitates the creation, distribution and reporting of your training

- ✓ Create new, or migrate existing training materials
- ✓ Quickly and easily upload into the Coggnno Platform.
- ✓ Text, Audio, Video, PowerPoint, PDF's, Spreadsheets, Scorm.

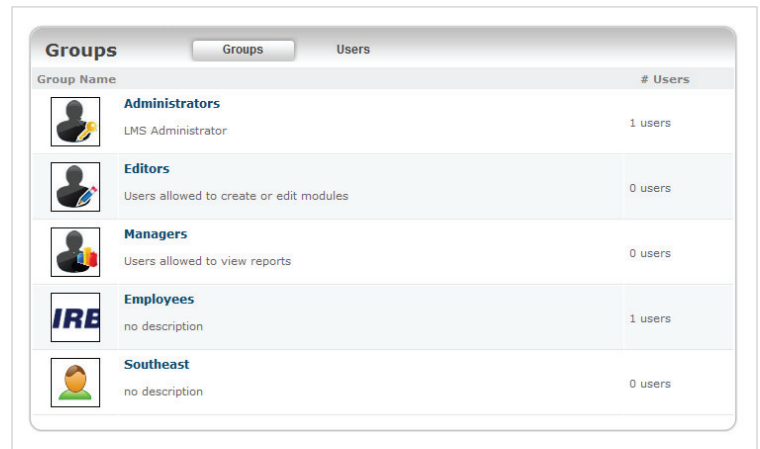

Document Wizard (Screenshot)

Easily create infinite groups of learners by unlimited categories (location, expertise, department etc.)

Many ways to add learners to groups:

- ✓ Email Invitation
- ✓ Upload Spreadsheets
- ✓ Create Users
- ✓ Open Login
- ✓ Enable login through existing user accounts at:

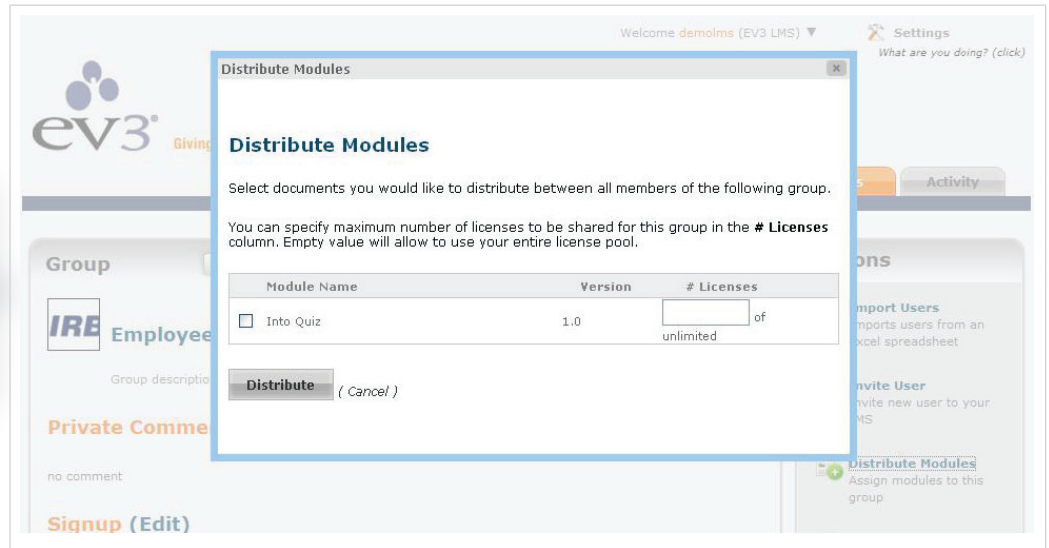

Author Backend (Screenshot)

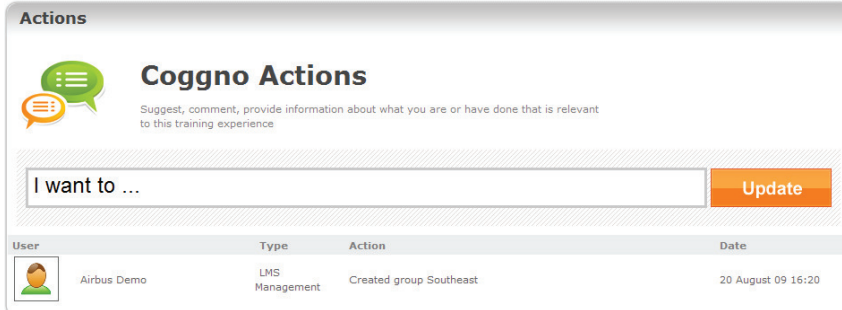

Learners upload pictures and relevant information

1 Assign different administrative rights to each group

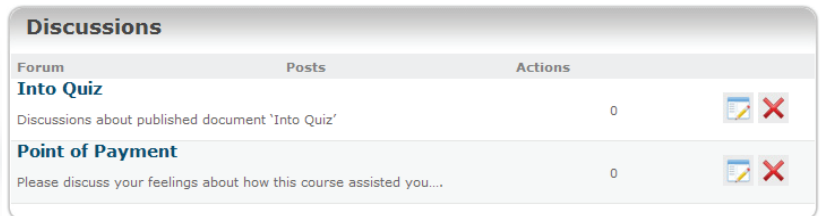

2 Distribute training globally to groups or individuals.

3 Watch live as they interact with the system, see what they do and when instantly.

4 Forums enabled for each module allow interaction between Learners and administrators.

5 View reporting on time spent, when, scores and views, by group or individual.
