OUR PRODUCTS

FOR AUTHORS:

COGGNO CREATE
Coggno Create is an intuitive authoring tool for content creators to build their own SCORM course right on Coggno. It has the ability to sync and be published directly in their accounts or be exported to other LMS platforms.

COGGNO MARKETPLACE
Coggno offers a robust marketplace platform for content creators to display their courses and make them easily available to their audiences worldwide.

DEDICATED WEBSHOP
Coggno provides content creators their own dedicated custom domain to list their curriculum

PORTABLE WEBSHOP
Syndicate or resell courses from the Coggno Marketplace right on your website. The courses you select will automatically reside in a webshop we create for you with search and e-commerce capabilities. .

FOR COMPANIES:

TRAINING HUB
Coggno delivers a Training Hub interface where companies can arrange their entire office staff trained and certified online with a few clicks.

SCORM DISPATCH TOOL
Companies can purchase courses from Coggno and deploy the training on their own LMS. Coggno processes the SCORM and sends the courses in zip files to clients for loading into their own LMS.

COGGNO CONNECT
Host live training, webinar, and meetings via audio and video conference. Available on desktop and mobile devices.

COGGNO CURATED TRAINING
Coggno can curate and assist in handpicking relevant courses for clients that require varied curriculum for their employees.

EZZELY
A sister company of Coggno. Ezzely is an employee engagement software that is available on a desktop and as a mobile app. Companies can use and implement Ezzely to keep their workforce engaged through recognition, instant surveys, and company announcements.

ENGAGING **COURSE STRUCTURE**

PERSONALIZED ROOMS
Coggno Connect allows you to create meeting rooms and connect with your employees and co-workers in a private and secure environment.

ADD TO GOOGLE CALENDAR
Add and schedule your meetings in your Google Calendar. Send a quick invite to your audience with a link to the meeting from your Google Calendar.

SCREEN SHARING
Yes to constructive meetings! Share ideas and present report in many ways: Quick screen share, upload presentation, even share an external video. You choose.

CHATBOX
A public and private chatbox to people inside the meeting. Attendees can chat with fellow attendees privately or in the general chatroom.

SECURITY
We don't store administrative passwords. Your connection is encrypted and secured by SSL. When you send the link we don't ask for emails or passwords to access Coggno Connect, just a name.

MOBILE ACCESS
Host or join Coggno Connect meetings from mobile devices.

MORE **FEATURES**

BREAKOUT ROOMS
Further collaboration by grouping participants in their respective breakout rooms.

WEBCAMS
Effective discussions made easy even when you are miles apart. Hold visual meetings and you're good to go.

POLLING
Quick-pulse your participants in the meeting room.

MULTI-USER WHITEBOARD
Host and participants can draw and make notes while in the presentation together.

AUDIO
Host meetings with first-rate audio quality. Presenter has the option to mute all participants and avoid any background noise.

EMOJIS
Make meetings more engaging and express yourself with quick emoji status.

3 LEVEL **PROCTORING PROCESS**
Biometrics | Artificial Intelligence | Human Reviewers

User is asked to take a picture of their face

Then asked to take a picture of the ID document

3 Level Proctoring Process

Facial image is compared and authenticated against ID

Session is either cleared or invalid compared to session rules

TESTIMONIALS

"Why Coggno? We went through a number of providers who promised the moon but never delivered. Then we discovered Coggno. What a relief! They were from day one flexible, smart, and forward thinking. They understood our business model and gave us the exact tools we needed to create and share our training vision. That was 10 years ago. We LOVE Coggno."

Ben Thomas, UST Training

USTTraining.com

"We work in a specialized industry, with hundreds of staff working across multiple sites, time zones, and countries. Coggno delivers training where and when we need it. Using Coggno we can offer staff both internal and off-the-shelf courses, creating a cost-effective and tailored training solution. We have found it especially beneficial during the COVID pandemic."

Adrian Hutchings, Royal Wolf
